HATHA YOGA: A blend of flowing and static postures (asanas) with a strong focus on alignment, breath techniques (pranayama) and strength building. Open to all levels.

CHRONIC PAIN: A gentle practice designed for those living with chronic pain. Specific breathing techniques combined with therapeutic movements help to restore energy. Movement is therapy!

GENTLE STRETCH/RESTORATIVE YOGA: This gentle class focusing on breathing, relaxation and supported poses with the use of props. The focus is on adapting postures, positions, and movements to meet the needs of your body, and is the perfect practice for anyone wanting to address the effects of stress, anxiety and/or pain.

RESTORE YOUR CORE & PELVIC FLOOR:

This class is for anyone who is interested in strengthening the foundational support muscles of the body. A practice for post pregnancy, incontinence, weak lower back or simply to maintain core health as you age.

chair for support. Perfect for those who are challenged getting on and off the floor! Poses are modified for people who cannot stand or lack the mobility to move easily from standing to seated.

PILATES: Core stability, pelvic & shoulder girdle stabilization, alignment & breathing exercises are introduced with the goal of optimizing musculoskeletal performance, strength, flexibility and endurance. Balanced exercise sequences and modifications can address special populations without risking injury.

Specialty Populations CLASS: (Pre-Registered & Pre-Paid Class)
Very gentle stretch & breath class for a wide range of specialty populations including: elderly with walkers/canes, visually impaired, all mobility issues.

CHAIR EXERCISE FOR MOBILITY: Chair exercise is gentle stretching that is practiced sitting on a chair, or standing using a
